

Title: Polarisers

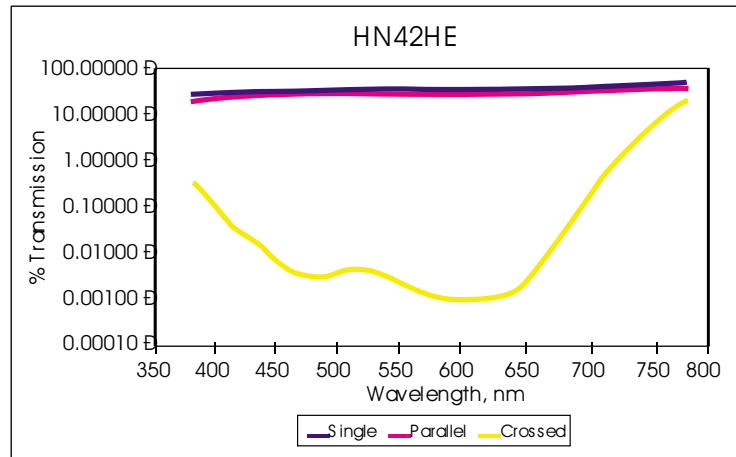

Material / Specification: HN 42E Visible Grade / 42%

Range / Description: POL-HN 42E

KNIGHT OPTICAL

Single: Transmittance for a single film

Parallel: Transmittance for a double film, axes parallel

Crossed: Transmittance for a double film, axes crossed

Vikuiti® Polarizer: HN42HE

Type: Neutral linear polarizer

Features: Very high efficiency linear polarizer. Both maximum and minimum transmittance show low color saturation.

Typical applications: Recommended for applications requiring high transmission and high dynamic range.
