

Title: Polarisers
Material / Specification: HR Grade For 800-2000nm
Range / Description: POL-HR

Tel: +44 (0) 1622 859444

Single: Transmittance for a single film

Parallel: Transmittance for a double film, axes parallel

Crossed: Transmittance for a double film, axes crossed

Vikuiti® Polarizer: HR

Type: Linear polarizer for near-infrared

Features: Broad band polarizer for the region from 800 to 2000 nanometers.

Typical applications: Shutter and light control devices for IR lasers, LED and other infrared sources, photodetectors in non-visible security systems, infrared photography, crystallographic studies.
